2020-2021 EMPLOYEE GIVING CAMPAIGN RAISES \$6,926

A matching contribution from campaign sponsor, **Larson Design Group**, doubled the impact of staff giving this year.

With a matching contribution from Larson Design Group (LDG), WASDEF was able to raise \$6,926 through its second Employee Giving Campaign this winter.

"LDG is pleased to partner with the WASD and support a foundation that provides crucial funding and programs for the district," said LDG President and Chief Executive Officer David Martin. "Community stewardship is a core value at LDG, where we aim to enrich the places in which we live and work. No effort is more valuable to that goal than ensuring the success of students and educators alike."

"We're extremely grateful to have LDG as a partner in this year's effort," said Executive Director Greg Hayes. "Because of their generous commitment, we were able to double every new and increased pledge WASD employees made through our payroll deduction program this year."

WASDEF has experienced a 48% increase in annual commitments through its payroll deduction program since the start of the 2019-2020 school year. This year, the foundation saw a 10% increase in participation, bringing the total number of contributing employees to 110, accounting for about \$10,000 a year.

"We like to say it's one of the easiest ways to give, and we've been very grateful for the response," Hayes said. "A small bi-weekly contribution deducted from each paycheck can add up to make a huge difference within the larger volume of support."

FOUNDATION GRANTS SUPPORT EDUCATOR-IN-RESIDENCE, TV STUDIO ENHANCEMENTS AND ADDITIONS

Last fall, the WASD Education Foundation awarded two grants totaling \$4,379 to support programs at both the middle and high schools.

A \$1,500 grant from the foundation's Teacher Mini-Grant Fund supported an educator-in-residence program in the visual and theatre arts departments at WAHS, facilitated by teachers Andrea McDonough Varner and Marie Fox. The grant funded a series of workshops led by local storyteller Rachel Bush. Bush worked virtually with students on developing and refining their storytelling abilities that they, in turn, expressed through their respective discipline, all of which culminated in recorded performances and 2D visual artwork.

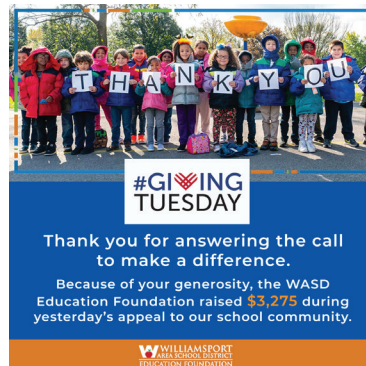

Additionally, a \$2,879 grant from the foundation's Annual Fund supported improvements to the middle school's television studio (shown at right). The grant expanded and enhanced the functionality of the studio space with new video editing software and production equipment, bringing the eight-year-old space more up-to-date with a broader range of capabilities.

The enhancements also were supported by a \$2,700 grant from the First Community Foundation Partnership of Pennsylvania through Educational Improvement Tax Credit (EITC) donations received from Citizens & Northern, First National Bank of PA, M&T Bank, UPMC Health Plan and Woodlands Bank.

"We're proud to support these

two efforts that bring added value, experience and opportunity to student learning and skill development," said WASDEF Executive Director Greg Hayes. "We're thankful for those who support the education foundation, which enables us to continue to provide these opportunities, and for WASD partners, like the First Community Foundation Partnership of Pennsylvania, which helps to deliver more of an educational impact through EITC donations."

#GIVINGTUESDAY BOOST ◀ Thanks to a challenge match from Evergreen Wealth Solutions, the WASD Education Foundation received a \$1,000 boost in its participation in 2020's #GivingTuesday on Dec. 1. With Evergreen Wealth's match included, the Foundation was able to raise \$3,275 during the global 24-hour online giving event.

A MESSAGE FROM THE SUPERINTENDENT

Dear Community,

We've had an extraordinary year so far, but I don't have to tell you that. It's been extraordinary in one of the most obvious ways, but also in many others that seem to hide under the anxieties and pressures the pandemic continues to create.

I hope as you page through our latest newsletter you find some of the ways in which we have remained an exceptional district. Recognitions, accomplishments, achievements, — all of which have been earned by both students and staff alike. As a superintendent, I'm proud of the collective resiliency our staff and students continue to demonstrate, and the results of that fortitude are evident in the outcomes we highlight between the covers of this publication.

As a school district, we haven't been alone in the challenges faced throughout this health crisis. They've been frustrating for all of us, to say the least, but I sincerely appreciate

the ongoing support, cooperation and understanding of our families and community as we work our way through this.

Our faculty, staff, administration and our Board of Education, have all made admirable sacrifices to ensure our students are learning and their needs are met, whether in-person or virtual.

Now one year into this global pandemic, I believe we, as Millionaires, are stronger than ever.

As we close out what I believe will be another successful year, I hope you'll take the opportunity to join us — in whatever capacity that may be — as we celebrate even more accomplishments this spring.

Sincerely,

Dr. Timothy S. Bowers
Superintendent

ONLINE HELP ▶ Our WASD teachers are here to help! Our live online teacher help sessions are still available to students from 6-8 p.m. Monday through Thursday. The option will be available at least through the end of the third marking period. Students are able to log on by selecting the LIVE CHAT option on the Student Help Desk Dashboard at wasd.org/helpdesk.

LIVE ONLINE TEACHER HELP

6-8PM MONDAY-THURSDAY

Need a little extra help? WASD teachers from the following certification areas will be available to assist students working remotely — LIVE online — each night from 6-8PM Monday-Thursday:

- Primary (K-3)
- Intermediate (4-6)
- Special Education
- Social Studies
- Math
- English
- Science

GET LIVE HELP!
To get evening assistance, select the LIVE CHAT option on the Student Help Desk Dashboard.

around wasd

WASD WAS RECOGNIZED as a 2020 Outstanding Visual Arts Community from the Pennsylvania Art Education Association (PAEA) for its commitment to visual arts education for the second consecutive year. Above, faculty members from the art department stand outside the high school.

IN HONOR OF BREAST CANCER AWARENESS MONTH, Stevens Primary School raised \$325 over a two-day period. The school celebrated Crazy Pink-Out Accessory Days while it also collected small donations to help meet — and then surpass — a \$250 goal. The funds were donated to the Susquehanna Health Foundation, designated for UPMC Susquehanna's Kathryn Candor Lundy Breast Health Center.

THANKS TO AN EXTENSION of Seamless Summer funding from the U.S. Department of Agriculture, free meals and free meal bundles remain available through the end of the year to all K-12 students, whether their enrolled for full-time or remote instruction.

KIDS UNITED
community playground

A rendering of what the all-inclusive Kids United Community Playground will look like. Below, committee members gather during a check presentation in 2019, when the effort received \$125,000 in Act 13 funds from Lycoming County's Department of Planning & Community Development.

New All-Inclusive Playground Coming to Cochran Primary School this Summer

A multi-organizational partnership has generated more than **\$430,000** to fund what will become the Kids United Community Playground, which is now scheduled for installation this summer at Cochran Primary School.

The effort to bring the playground project to life has been in the works for about two years, having been led by the Williamsport Kiwanis and Rotary clubs, in partnership with the WASD Education Foundation, which serves as the project's fiscal sponsor.

Since 2019, a steering committee comprised of members from each organization has raised \$430,098 in contributions from individuals, businesses, civic groups, and nonprofit and corporate grants.

"This has been an exciting undertaking, and we've been blessed with such an outpouring of community support to fund this playground and to help bring it to realization," said Wayne Fausnaught, committee chair and Williamsport Kiwanis Club member.

Installation could begin as early as mid-June.

At about 9,400 square feet, the playground will primarily serve the city's central and east-end communities, complete with features and equipment that contribute to the five elements of inclusive play. Plans include poured rubber flooring, accessible ramps for wheelchairs and other assistive devices. It also will have traditional equipment and structures that encourage imaginative and cognitive play, as well as fitness and instrumental activities.

Fausnaught said the group is still looking to raise an additional \$80,000 to support an expansion of the poured rubber flooring so that it covers the entire surface area of the playground to increase safety and equipment

accessibility.

Plans for the project originally called for the playground to be installed at Stevens Primary. However, just before the pandemic hit, the committee was approached by members of the Cochran Primary PTO, which was beginning its own fundraising effort to support an upgrade to Cochran's playground.

"Over the course of the last several months, that conversation evolved into what it would look like if our efforts merged," Fausnaught said. "As time went on, we explored the benefits of moving the location of the playground from Stevens to Cochran. The risk of duplication of effort notwithstanding, the idea of a new location revealed some stronger benefits, primarily its accessibility, it being more walkable and central to both school communities, more visible in terms of security, and provides an East End playground as an answer to the new West End playground at Memorial Park."

For more information on the playground or to make a donation, visit www.kidsunitedplayground.com.

2021-2022 ENROLLMENT

KINDERGARTEN REGISTRATION

MARCH 22-26, 2021

Kindergarten registration week is your chance to get an early start on the first day of school. **All registrations for the 2021-2022 school year will occur from 8:30 a.m. to 3:30 p.m. in the Enrollment Center at the Williamsport Area School District Service Center, 2780 West Fourth St.**

Children must be age 5 on or before Sept. 1, 2021, in order to enroll.

Please bring the following documents to registration:

- Child's birth certificate
- Parent / Guardian photo ID
- Proof of residency
- Child's immunization records to-date
- Record of School-Age Dental Examination and Medical Examination, if completed. **Must be on file by Aug. 28.**

All school assignments will be based on home address, as per school board policy. All families who register will receive a free copy of our *Welcome to Your School* storybook, a family-friendly introduction to our primary schools!

Questions can be directed to Susan Estes, registrar, at 570-327-5500, ext. 40001.

Students registered after June 10 will not be guaranteed enrollment in their home school, and will be placed by the district.

wasd.org

WASD
Enrollment Center

8:30 a.m. - 3:30 p.m.

Registration will be handled **alphabetically by students' last name.** To register your child, you must attend on the appropriate day:

Monday, March 22:	A-F
Tuesday, March 23:	G-L
Wednesday, March 24:	M-S
Thursday, March 25:	T-Z
Friday, March 26:	Open A-Z

It does not matter how early you arrive on your designated registration day. **All students will be assigned to their home area school as long as they are registered by June 10, 2021.**

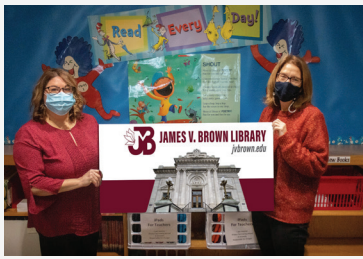

**DON'T WAIT UNTIL
REGISTRATION
WEEK!**

If you have Internet access at home, you can complete registration online at home and set up an appointment to complete the registration in as little as 15 minutes at the District Service Center. Please be sure to bring all supporting documentation to the appointment to ensure registration can be completed.

To register from home, visit:
<https://registration.wasd.org>

THANKS TO AN EFFORT TO ENCOURAGE READING, 439 WASD elementary students in grades K-6 became James V. Brown Library card holders at the conclusion of a campaign that allowed parents to apply for and receive a free library card for their children.

WAHS SENIOR MICHAEL FISHER virtually competed as a division finalist in the Music Teachers National Association (MTNA) Eastern Division Senior String Performance this past winter. Over the years, the young musician has secured a number of awards and recognitions. Most notably, he was selected to perform in Carnegie Hall's 2019 National Youth Orchestra of the United States of America.

WITH THE GLOBAL pandemic preventing Curtin Intermediate School's traditional #socktober celebrations and donations, the school partnered with the Lycoming County United Way to generate funding to help raise awareness of and combat homelessness in the community.

\$2,500 was raised throughout November, which was equally divided and granted to five local nonprofits. Recipients of the funds were: American Rescue Workers (below), Family Promise, Sojourner Truth Ministries, West End Christian Community Center and YWCA Northcentral PA.

WAHS SENIOR RAISES, DONATES \$16,616 TO BENEFIT LOCAL ORGANIZATIONS

WAHS senior **Cecilia Fink's** charity **Be You Boldly** granted a combined \$16,616 to K's for Cancer and the River Valley Regional YMCA's Livestrong Program in February, marking her final donation as a high school student.

The donations were comprised of funds raised through Fink's fourth annual Pie Day 5K held on Thanksgiving morning, a Zumbathon in August and her jewelry sales throughout the year.

The donation was split, with \$8,513.64 going to K's for Cancer and \$8,103.53 to the Livestrong Program.

Created in the memory of Justin Flannery Hilton, K's for Cancer raises money to provide direct and immediate support to cancer patients and their families in Lycoming County. The Livestrong Program is a 12-week program designed to help adult cancer survivors improve their fitness and quality of life.

Since 2014, Fink's work has generated

more than \$63,000 for local charities, surpassing her goal of raising \$60,000 by the time she graduates high school. She lifted her original goal of raising \$50,000 last year.

Fink also has joined the K's for Cancer board of directors and is excited to help them grow their reach in serving more cancer patients through her efforts.

She graduates from WAHS in June. She plans to attend either the University of Pittsburgh or Carnegie Mellon to study psychology and intends to focus on the field of youth counseling.

For more information on Be You Boldly, follow the organization's page on Facebook.

WAHS SENIOR EARNS 1ST PLACE WIN AT POETRY OUT LOUD COMPETITION

Senior **Oam Patel** competed at the Poetry Out Loud state championship after securing a first-place win at the regional level in a virtual competition on Jan. 29.

Patel secured first-place status for the second consecutive year by reciting "Charles Sumner" by Charlotte L. Forten Grimke, "Hysteria" by Dionisio D. Martinez and "Harold and the Purple Crayon" by D. Gilson.

The 2021 state championship took place virtually on March 8.

Cochran Primary 3rd-Grade Teacher Receives Fulbright Award

Cochran Primary School teacher Brooke was selected for the **Fulbright Teachers for Global Classrooms**, a program sponsored by the U.S. Department of State and the J. William Fulbright Foreign Scholarship Board. Nenadal, who teaches third grade, is one of approximately 71 U.S. citizens who will travel abroad this summer as part of the program.

Led by the U.S. government in partnership with more than 160 countries worldwide, the Fulbright Program offers international educational and cultural exchange programs for passionate and accomplished students, scholars, artists, teachers and professionals of all backgrounds to study, teach or pursue important research and professional projects.

The Fulbright Teachers for Global Classrooms Program is a year-long professional development opportunity for elementary, middle and high school teachers to develop skills for preparing students for a competitive global economy.

The program equips teachers to bring an international perspective to their schools through targeted training, experience abroad and global collaboration.

Fulbrighters address critical global challenges in all fields, while building relationships, knowledge and leadership in support of the long-term interests of the United States.

“My participation in the program comes from the desire to use technology to connect students across the globe,” she said. “Even at a young age, we can begin to foster a generation of students that see the beauty of another people and land. As educators, I hope that we can create a culture of empathy and understanding borders of cultures, backgrounds and race. Fostering a mindset of the global community is imperative to future generations.”

Since 1946, the Fulbright Program has given over 390,000 passionate and accomplished students, scholars, teachers, artists and professionals of all backgrounds and fields the opportunity to study, teach and conduct research, exchange ideas, and contribute to finding solutions to important international problems.

After spending time abroad in Germany this summer, Nenadal said her program will come to an end in August with a capstone project that will serve as a resource for the Williamsport community.

“We are very excited and proud of Brooke’s achievement,” said Cochran

“Even at a young age, we can begin to foster a generation of students that see the beauty of another people and land. As educators, I hope that we can create a culture of empathy and understanding among our students that transcends the borders of culture, backgrounds and race. Fostering a mindset of the global community is imperative to future generations.”

Principal Kirk Felix. “Her desire to gain from this involvement personally and share that experience here ... is admirable. I look forward to seeing how Brooke applies her international field experience with her students and our staff here at Cochran. Brooke’s desire to continue to grow is welcomed and appreciated.”

PERSONS OF THE YEAR ▶ In the Williamsport Sun-Gazette’s annual “Person of the Year” series, Odren Polk was named a 2020 finalist. Polk, who is more affectionately referred to as Mr. O by those in his charge, is an intervention specialist at the district through AmeriCorps. He earned the Sun-Gazette’s nod for stepping in to save then-first-grade student **Kenyon Ritter** when Ritter began choking on a cherry tomato at Stevens Primary in January 2020. In addition, senior **Nassir Jones** was named Athlete of the Year in High School Football for his achievements and leading the Millionaires on the gridiron.

sport shorts

SENIOR NASSIR JONES signed his letter of intent in February to continue his football career at the collegiate level at Bloomsburg University.

MEMBERS OF THE MILLIONAIRE wrestling team earned District 4/9 District Championship titles in February.

DISTRICT CHAMPS! The WAHS girls soccer team won the PIAA AAAA District 2/4 Championship with a 5-0 victory over Hazleton High School, and the WAHS boys soccer team was crowned the PIAA AAAA District 2/4 Champions with a 3-1 victory over Delaware Valley High School.

JUNIOR JIMMY POMBOR received all-state honors from the Pennsylvania Soccer Coaches Association for the 2020 season. Pombor is the team's first all-state selection since 2015.

LYCO VALLEY AWARDED \$19,540 GRANT FOR IMMERSIVE VIRTUAL CLASSROOM

Lycoming Valley Intermediate School was awarded a \$19,540 grant that will allow its large group instruction room to convert to an immersive virtual classroom through an all-in-one projection system.

Further advancing on 21st-century learning in the classroom, the grant supported the purchase and installation of a Broomx 360 all-in-one projection system "to create immersive experiences in real space," according to sixth-grade teacher Daniel Woleslagle, who facilitated the grant process and led up its implementation this winter.

"Whether this is a virtual trip to a museum, standing on a foreign planet or visiting ancient Egypt, students will have the walls and ceiling of their classroom virtually transformed into any 360-degree image or video available," Woleslagle said.

The grant comes from the First Community Foundation Partnership of Pennsylvania through Educational Improvement Tax Credit (EITC) donations received from Citizens & Northern, First National Bank of PA, M&T Bank, UPMC Health Plan and Woodlands Bank.

The Broomx system is housed in the school's large group instruction room so that remains available to all teachers in all content areas in grades four to six.

In addition to an impressive audio-visual sensory experience, the equipment provides an opportunity for shared learning experiences for students simultaneously, Woleslagle said.

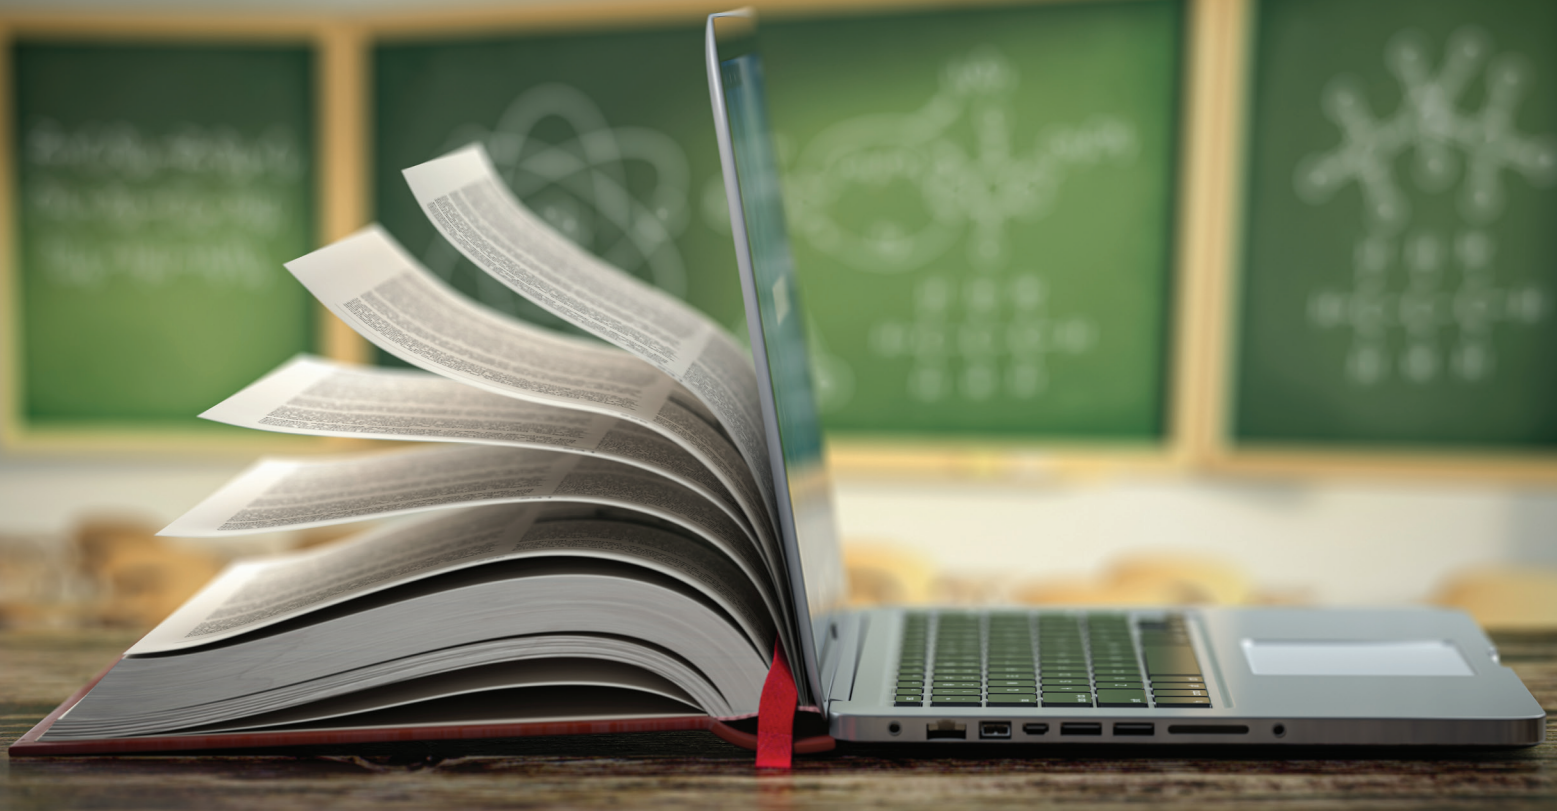

"This provides for a shared technologic immersion into experiences that are only

read about currently," he said. "This allows the possibility of endless experiences to enhance not only engagement but understanding as well."

"Whether this is a virtual trip to a museum, standing on a foreign planet or visiting ancient Egypt, students will have the walls and ceiling of their classroom virtually transformed into any 360-degree image or video available."

At top, the large group instruction room at Lycoming Valley Intermediate School where the Broomx system will be placed. Above, a photo showing the Broomx system that will provide the immersive classroom experience.

REIMAGINING EDUCATION

CONNECTING STUDENTS TO A CHANGING LANDSCAPE OF 21ST-CENTURY LEARNING

It goes without saying that COVID-19 created an historic disruption to the world of education in 2020. However, it also prompted innovative advancements to WASD's technology infrastructure that will serve a valuable purpose long after the global health crisis is over.

While 2020 kicked off the start of a new decade that unpredictably ushered in with it a wave of unprecedented challenges, it may also have brought along with it what could very well be a new era in public education.

WASD has been no stranger to innovation or implementing cutting-edge technology in its work to advance the delivery of 21st-century instruction. In fact, it made it a point of pride as being chief among its competitive qualities as the area's largest school district.

It's true there's little good to be found in the pandemic's grip, but, educationally speaking, it accelerated the district's technology plan that will have a lasting benefit — and advantage — for learning and instruction when the health crisis abates.

Here at WASD, the 2020-2021 school year began with the rollout of a new 1:1 initiative, "Log In, Learn On," that included a mass distribution of Chromebooks to every student. It also deployed its new K-12 online learning platform, Schoology.

Within months, the district was able to position itself to provide

the flexibility to pivot from the traditional, brick-and-mortar model of instruction to fully remote instruction — or, in some cases, a combination of the two.

"I believe there is a bright side to the challenges of education during COVID-19 in what we learned, adapted to, and how we reinvented our teaching and learning practices to flexibly and proactively respond to the needs of our students and families," said Assistant Superintendent Dr. Susan Bigger.

Bigger described the last 12 months as transformative for education, and acknowledged the Board of Education's support by quickly acting to invest the crucial resources required to ensure learning continued.

"Our teachers and administrators rose to these challenges and, through extensive professional development starting in the summer and throughout the school year, learned new skills that deepened their use of technology to deliver a 21st-century experience," Bigger said.

"I am proud of their work and dedication to students," she added. "As a district, we learned that we could reinvent, innovate, and swiftly change how we do our work. It's no small task, but this new learning will benefit our students and have a legacy that will far outlive the pandemic."

CARGO OF COATS

Watson Trucking Co. donated more than 400 coats in February that were made available to any student in need across the district in grades K-6. The company worked through Operation Warm, a national nonprofit based in Glen Mills, Pa., that manufactures brand-new, high-quality coats for children in need, to help supply the inventory.

WINTER WONDERLAND With more than 40 inches of snow that fell, it goes without saying the area endured quite the winter this year — and we're ready to say hello to spring! As the snow piled up with each new blast of winter, it was no match for our maintenance crews who withstood the duration of each storm so that our campuses stayed clear and safe for our faculty, staff and students.

IT DOESN'T HAVE TO END HERE! Want more? Our online presence continues to grow! Keep up-to-date with announcements, photos, news and events happening around the district on a daily basis by following us on social media. Join the conversation and become a part of the WASD online community that has grown to more than 10,000 people!

FROM THE VAULT ▼

This edition's "From the Vault" is taking you back only a decade. While it may not seem possible, this spring marks 10 years since renovation work began to transform Roosevelt Middle School to the Williamsport Area Middle School.

The former home of the "Rough Riders" closed at the end of the 2009-2010 school year, the first major milestone in a district-wide reconfiguration that came to fruition in the fall of 2013 when WAMS opened its doors for the first time to seventh- and eighth-grade students.

At top, excavation work begins along the front of the middle school building, looking east toward the District Service Center. Above, the gutted original portion of the building, looking west toward what would become the new main entrance.

WASD EDUCATION FOUNDATION WELCOMES 4 NEW MEMBERS

The WASD Education Foundation recently welcomed four new members to its board of directors this year.

Joining the board were Stan Cary, Dr. Sue Kelley '88, Jennifer Lake and Mallory Weymer.

Cary is a Pastor at Christian Church at Cogan Station, where he also serves as the Director of Community Outreach and Director of Operations.

He brings extensive volunteer and professional experience to the board. In the community, he's currently the volunteer Chaplain for the Old Lycoming Township Police Department and an advisory council member for the River Valley Regional YMCA, where he also serves as chair of the outreach committee.

Kelley is the Dean of the School of Business, Arts and Sciences at Pennsylvania College of Technology.

A WAHS alumna, she also currently serves on the board for the Marching Millionaires and previously participated on a number of school-based committees. Her community involvement also includes having served on the Preventing Teen Pregnancy

CARY

KELLEY

LAKE

WEYMER

Coalition and as a board member for the L.C.C.S. Children's Development Center.

Lake serves as the Williamsport Area School Board's appointed representative.

Lake is the Founder and Executive Director of Dwell Orphan Care. In addition to serving on the school board, Lake is a member of the Williamsport Youth Commission and Lycoming County Fatality Review Team. She's a former Mentor Mom for M.O.P.S. Group and PTO member.

She's also a former board member for the PennMont Academy and the Altoona Women's Domestic Abuse Shelter.

Weymer is the Assistant Dean of First-

Year Students at Lycoming College.

She, too, brings extensive volunteer and professional experience to the board. In the community, she serves on the Marketing/Leadership Summit Planning Committee for Leadership Lycoming. She's also a former board member of the American Foundation for Suicide Prevention for Eastern PA and the YWCA Northcentral PA.

"We're very happy to welcome these four individuals," said board President Rose-Marie Gross. "Their experiences, skills and expertise will add to the talented pool of individuals who help lead the education foundation."
