

Instructions for Athletic Physicals

1. One complete sports physical per school year is required. You may attend physicals given at school, or have your private physician sign the physical exam form. PLEASE NOTE- in order to be valid for the school year, the physical **cannot be dated any earlier than June 1** of the year that the school year starts (**June 1, 2016** for the school year beginning in August of 2016). Also, the physician must sign the PIAA physical form, (Section 6) stating that you are cleared for competitive sports. **A print out, or routine physical exam is NOT THE SAME as a sports physical.**

2. For each subsequent sport in a school year, recertification is required. **If there has been any significant change to your health, or an injury that caused you to stop playing a previous sport, a physician must evaluate your condition and sign the recertification form.**

3. For all sports in each season, there are several forms to sign that include emergency contact information, parent consent for participation in the sport, health history, and consent for the physical exam (PIAA Sections 1,2,3,4,5 and drug testing form)). If forms are incomplete or not signed, **you will not receive a physical exam, be placed on the eligibility list, or permitted to practice or compete.**

4. The student and parent are responsible to check forms to make sure that everything is completed and signed.

5. All completed athletic papers (private physicals and recertification forms) should be returned to the athletic office at the high school (in middle schools there will be a collection basket in the office). If you are attending the physical exam at school, simply bring your completed forms with you on the day of your physical, and present them to the athletic aide at the door of the nurse's office. (Athletic exams are given in the nurse's office.) You must obtain your own ride home after the exam.

6. Students that fail to attend the sports physical given at school will be required to have their private physician complete the exam at their own expense. No make-ups are permitted.

7. Students must attend the physical exams in their respective school. The reason for this is that any previous health history will be contained in the student's file in their building.

8. Please consult the athletic exam schedule to determine the date of your physical. Physical exams held during the school year are given immediately after school.

9. **IMPORTANT: GYM ATTIRE SHOULD BE WORN FOR PHYSICALS. THIS MEANS T-SHIRTS AND GYM SHORTS. NO BLUE JEANS or LONG PANTS!**

10. The school physician will NOT sign physical forms for driver's permits or any other events outside of school.

11. Please direct any questions to Mr. Sean McCann, Athletic Director (323-8411, ext. 60507)

My physical exam is scheduled for:

Practice begins:

Williamsport Area School District

Williamsport Area High School • 2990 West Fourth Street • Williamsport, PA 17701

Ph. (570)323-8411 • Fax (570)322-4150 • <http://www.wasd.org>

Dear Williamsport Area School District Parent:

The Williamsport Area School District will charge a \$50.00 athletic participation fee for the 2016-17 school year. The fee is payable prior to the start of practice for the first sports season of participation during the 2016-17 school year. The fee is payable one-time per school year and covers participation during all three sport seasons of the 2016-17 school year.

The fee, in part, will cover the cost of insurance for the student-athletes, transportation, officials and other costs necessary to run the programs.

There will be no refunds once the student-athlete begins practice. No exceptions will be made to this procedure.

**PIAA COMPREHENSIVE INITIAL
PRE-PARTICIPATION PHYSICAL EVALUATION**

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the next May 31st.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)

Date of Student's Birth: ___/___/___ Age of Student on Last Birthday: ___ Grade for Current School Year: ___

Current Physical Address _____

Current Home Phone # () _____ Parent/Guardian Current Cellular Phone # () _____

Fall Sport(s): _____ Winter Sport(s): _____ Spring Sport(s): _____

EMERGENCY INFORMATION

Parent's/Guardian's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Secondary Emergency Contact Person's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Medical Insurance Carrier _____ Policy Number _____

Address _____ Telephone # () _____

Family Physician's Name _____, MD or DO (circle one)

Address _____ Telephone # () _____

Student's Allergies _____

Student's Health Condition(s) of Which an Emergency Physician Should be Aware _____

Student's Prescription Medications _____

SECTION 2: CERTIFICATION OF PARENT/GUARDIAN

The student's parent/guardian must complete all parts of this form.

A. I hereby give my consent for _____ born on _____ who turned _____ on his/her last birthday, a student of _____ School and a resident of the _____ public school district, to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below.

Fall Sports	Signature of Parent or Guardian
Cross Country	
Field Hockey	
Football	
Golf	
Soccer	
Girls' Tennis	
Girls' Volleyball	
Water Polo	
Other	

Winter Sports	Signature of Parent or Guardian
Basketball	
Bowling	
Competitive Spirit Squad	
Girls' Gymnastics	
Rifle	
Swimming and Diving	
Track & Field (Indoor)	
Wrestling	
Other	

Spring Sports	Signature of Parent or Guardian
Baseball	
Boys' Lacrosse	
Girls' Lacrosse	
Softball	
Boys' Tennis	
Track & Field (Outdoor)	
Boys' Volleyball	
Other	

B. Understanding of eligibility rules: I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____/____/____

C. Disclosure of records needed to determine eligibility: To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____/____/____

D. Permission to use name, likeness, and athletic information: I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____/____/____

E. Permission to administer emergency medical care: I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 6 regarding a medical condition or injury to the herein named student.

Parent's/Guardian's Signature _____ Date ____/____/____

F. CONFIDENTIALITY: The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)
- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 – the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may *also* hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed and understand the symptoms and warning signs of SCA.

INFORMED CONSENT

Dear Parent or Guardian:

Your child has elected to participate in a school athletic program. We need to have your consent so that your child can have his/her sports physical. All sport physicals will be done in accordance with recommendations of the American Academy of Family Practice and the American Academy of Pediatrics.

The examination will encompass all areas on physical sheet, which is on the back of this consent.

The school nurse will be present for all examinations.

Each examination will be individualized as much as possible given the institutional setting. If you so choose you may have your pediatrician or family physician do the physical at your expense.

Girls are to bring oversized t-shirts and boxer shorts. Boys are to wear their gym shorts.

Please sign the bottom of this form if you would like your child examined by the school physician. If you choose to have the examination completed by your private physician, Section 4 on the back must be completed and returned to the school.

NOTE: I understand that the medical screening done by the School Physician/designee may not be used to satisfy physical examination requirements for any agency or organization other than the WASD athletic program.

Reasonable Suspicion Drug Testing

Grade _____

Activity _____

INTRODUCTION

The Williamsport Area School District is committed to providing a safe, drug-free environment. Accordingly, the School Board has adopted a policy requiring participation by those involved in extracurricular activities and for voluntary participation by all students in a reasonable suspicion drug screen and breath testing program. The cost of the test, and if necessary the drug and alcohol evaluation, will be paid by the Williamsport Area School District. We appreciate your support, encouragement, and cooperation.

The School will attempt to contact parents or guardians and involve them in any referral for screening/testing. Test results will be released only to school officials as set forth in the policy, and may be released to those officials by Susquehanna Health System.

PERMISSION TO PARTICIPATE IN THE REASONABLE SUSPICION TESTING PROGRAM

1. I understand the purpose and ramifications of the drug testing program and agree to follow the procedure set forth by the District for positive results.
2. I understand that my son/daughter will not be punished by suspension or expulsion from school for a positive test result, provided he/she cooperates with any referral for counseling or treatment as outlined in School Board Policy #227.1.
3. **I hereby give my permission for the Williamsport Area School District or Susquehanna Health Systems to perform a urine drug screen or a breathalyzer test on my son/daughter, and the release of the results of said drug screen to officials of the Williamsport Area School District by Susquehanna Health System.**
4. **I hereby authorize all physicians providing care to my son/daughter to discuss results of tests with any District Official or Medical Review Officer in connection with test results obtained. The primary purpose for this release is to determine if there are any prescribed drugs which would yield a positive reading for my son/daughter.**
5. This Permission Form is effective for the 2016 - 2017 school year, will therefore automatically expire June 30, 2017.

PLEASE PRINT Student's Name

Parent/Guardian Signature

Date

STUDENT ACKNOWLEDGMENT

I agree to participate in the urine drug screen and breath testing program. I have read and understand the information provided in this permission to test form and agree with all of the above statements.
