This is not a contract. This benefits summary presents plan highlights only. Please refer to the policy/ plan documents, as limitations and exclusions apply. The policy/ plan documents control in the event of a conflict with this benefits summary.

- (1) Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.
- (2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense.
- (3) Telemedicine Services (acute care for minor illnesses available on-demand 24/7), must be performed by a Highmark Designated Telemedicine Provider. Additional services provided by a Designated Telemedicine Provider are paid according to the benefit category that they fall under (e.g. Behavioral Health is eligible under the Outpatient Mental Health Services benefit).
- (4) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
- (5) Benefits for Emergency Care Services rendered by an Out-of-Network Provider will be paid at the Network services level. Benefits for Hospital Services or Medical Care Services rendered by an Out-of-Network Provider to a member requiring an inpatient admission or observation immediately following receipt of Emergency Care Services will be paid at the Network services level. The member will not be responsible for any amounts billed by the Out-of-Network Provider that are in excess of the plan allowance for such services.
- (6) Air Ambulance services rendered by out-of-network providers will be covered at the highest network level of benefits.
- (7) After initial evaluation, Applied Behavioral Analysis will be covered as specified above. All other Covered Services for the treatment of autism spectrum disorders will be covered according to the benefit category (e.g. speech therapy, diagnostic services). Treatment for Autism Spectrum Disorders does not reduce visit/day limits.
- (8) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (9) If you receive services from an out-of-area provider or an out-of-network provider, you must contact Highmark Utilization Management prior to a planned inpatient admission, prior to receiving certain outpatient services or within 48 hours of an emergency or unplanned inpatient admission to obtain any required precertification. If precertification is not obtained and it is later determined that all or part of the services received were not medically necessary or appropriate, you will be responsible for the payment of any costs not covered by your health plan.
- (10) The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and, in the cost, -sharing requirements. Your program includes coverage for both formulary and non-formulary drugs at the copayment or coinsurance amounts listed above. Under the hard mandatory generic provision, when you purchase a brand drug that has a generic equivalent, you will be responsible for the brand drug copayment plus the difference in cost between the brand and generic drugs. With the Active Choice program, you must choose how you want to fill your maintenance prescription drugs. You may choose a retail pharmacy or your mail order program. If after two fills at a retail pharmacy you have not made your selection, you will need to pay full cost of the drug allowed by your plan for any future refills. You can change your selection at any time. Your plan requires that you use Accredo specialty pharmacy for select specialty medications. The Copay Armor program helps members to afford high cost medications (mostly specialty) by leveraging manufacturer coupon dollars. Members will not need to change where prescriptions are filled and will be contacted by Pillar Rx for cost savings enrollment.

Health benefits or health benefit administration may be provided by or through Highmark Blue Cross Blue Shield, First Priority Health or First Priority Life, all of which are independent licensees of the Blue Cross Blue Shield Association.

Discrimination is Against the Law

The claims administrator complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
