- I. Prior month's minutes were approved by a motion from Dale Crans.

Additional measures discussed with the District and its workers compensation carrier included the following: monthly claims review conference calls (in lieu of current quarterly calls), analysis of loss run data to narrow down specific areas of concerns that need addressed, and additional representation on the Safety Committee, including adding a representative from our Aides/Paraprofessional classification and Food Service classification, as well as a recommendation for the Support Staff Association President to serve on the committee.
