

# What is Schoology?

**Schoology is the education technology company putting collaboration at the heart of the learning experience. Its easy-to-use learning management system (LMS) connects the people, content, and systems that fuel education. Millions of students, faculty, and administrators from over 60,000 K-12 schools and universities worldwide use Schoology to shape learning experiences and improve student outcomes. Schoology uses all WASD resources in its delivery of content, communication and curriculum using OUR TEACHERS, OUR CURRICULUM and OUR PACE.**

*Why Did WASD Choose Schoology?*

## **For the District:** Transform Education Past Its Brick-and-Mortar Roots

- Creating a hub for learning that allows for high student engagement, standards-based instruction, and the acceleration of student learning
- Securing all district curriculum materials in a space that requires authentication
- Centralizing all materials for more efficient leadership meetings
- Allowing for real-time collaboration between leadership teaching and support staff via discussions, videos, book studies, and more inside the platform

## **For the Teachers:** Enhancing WASD Instructional Delivery Practices

- Centralizing the common curriculum and instructional materials
- Simplifying collaboration among teachers and instructional staff
- Providing tools that increase student engagement and acceleration
- Real-time communication between teachers and students

## **For the Students:** Prepare Students to Succeed in the 21st century

- Preparing students for the world of work and/or college once they leave WASD
- Allowing students to access classroom materials 24/7 so learning can take place anywhere, anytime
- Allowing for students to participate in hybrid learning opportunities via WASD's 1:1 computer initiative
- Allowing students who are in extracurricular activities and absent access to their coursework so they don't fall behind

## **For the Parents:** Know What Students Are Learning

- Providing parents a more in-depth experience about what students are learning in classrooms
- Allowing parents to have updates via Schoology App or internet site
- Talking to teachers whenever they have a question rather than having to stop by the school
